education

Tufts University, Medford, MA
B.S Biochemistry, Studio Arts Minor | May 2019
Dean's List

projects

Portfolio
I created a simple portfolio site using HTML, CSS and JavaScript. I incorporated design concepts such as Responsive Design using Media Queries and CSS Grid.

Simple
I created a to do list web application using HTML/CSS and JavaScript. More emphasis was placed on the functionality of the application rather than on the visual appearance.

Essentials
I created a web application with five essentials applications, a weather, timer, stopwatch, calculator and to do list app. I mainly used React and SASS for this project.

Immerse
I created an interactive landing page for an online coat store using HTML/CSS, jQuery and SASS.

shows/exhibits

Small Works Show, Kaji Aso Studio, Boston, MA
2017, 2019

experience

Tisch Library Digital Design Studio, Medford, MA
